

Residency Programme - O Rumo do Fumo 2021  
Artistic Residency: 8 October - 27 November 2021

## *KDEIRAZ* by Natália Mendonça

*KDEIRAZ enters the world of children by playing with the choreography of deprogramming what this everyday object offers us. Between regular time and the fantastic, between the ordinary and the extraordinary, the chair is the protagonist in this journey and the great propeller of encounters and experiments that open up other realities.*
